

Data

JA Martin understand the importance and reliability of continuous data. Our expertise in Data Cabling extends across numerous industries. The JA Martin team are fully trained and certified to deliver clever solutions to your data cabling needs. Our extensive data cabling capabilities include:

Structured CAT 5E/6/6A/7 Network Cabling

**Optical Fibre Testing, Terminating
And Fault Finding**

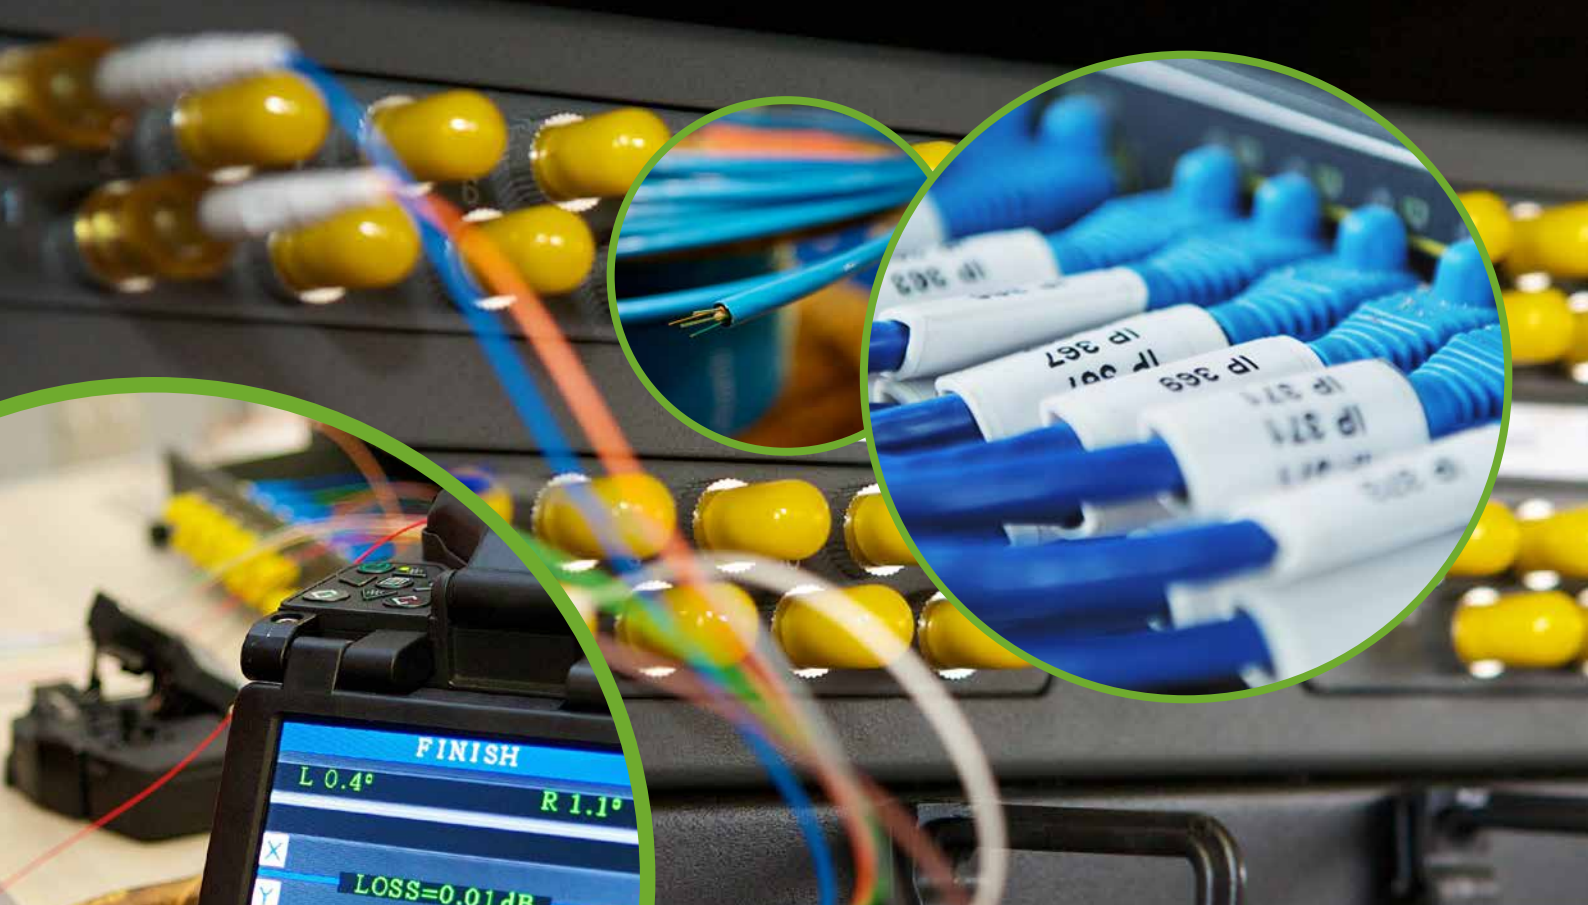

**Integrated Voice/Data Network
Cabling Systems**

Patch And Communication Panels And Fobots

Close Circuit Television Systems (CCTV)

Uninterruptible Power Supplies

Telemetry Systems

Capability

JA Martin offers full manufacture and design facilities to support our Data Cabling teams. For our clients this enables us to design and manufacture:

Custom and standard cabinets

Racks

Patch panels

CCTV systems

Recent Projects

Our recent projects include everything for underground fibre optic network upgrades, to dragline CCTV systems. We even have a smart phone app that provides for remote on/off and speed control of electric motors. Perfect for irrigation pumps.
