The Site

The JA Martin switchboard and manufacturing facility comprises a 1500m² workshop and outdoor hardstand.

Beyond Manufacture

As part of the JA Martin guarantee we offer the following quality assurance measures:

Factory acceptance testing

Site acceptance and testing

Site installation and commissioning

ISO9001 certification

The JA Martin Guarantee

All JA Martin fabrications are proudly Australian made by a skilled local workforce. This ensures quality, compliance with Australian standards and documented inspections during the manufacture process. Our workforce works with all major brands of switchgear.
